Questions

Title IV, A as a funding source

Richard Woods,
Georgia's School Superintendent
"Educating Georgia's Future"
ga DOE.org

The purpose of Title IV, Part A is to improve students' academic achievement by increasing the capacity LEAs to:

- LEA receives **\$30,000 or more**, must budget –
- $\geq 20\%$ for activities to support **well-rounded educational opportunities**
 - $\geq 20\%$ for activities to support **safe and healthy students**
 - A portion of funds for activities to support **effective use of technology** ($\leq 15\%$ rule on technology infrastructure as described in ESSA section 4109(b))

ESSA, Title IV-A, Section 4106 (e)(2)(C-E)

Evidence-Based Interventions

The ESSA and U.S. Department of Education (ED) regulations require districts and schools to spend federal funds in support of evidence-based interventions.

Richard Woods,
Georgia's School Superintendent
"Educating Georgia's Future"
gadoe.org

Include the evidence-based level as described in the Federal Programs Handbook, Chapter 9, page 108. Refer to Supporting Resources on page 109 to locate the evidence that supports activity/intervention. If a rationale-based level (logic model) is to be submitted, please refer to Supporting Resources on page 118. Line items like program/activity administrators (program to be administrated will require evidence), travel expenses, subs, drivers and supplies do not require the annotation of the evidence-based level. *Special Note-Maintain the evidence-based documentation on file at district level.

Authorizes Activities in Three Focus Areas:

1

Provide all students
with access to a well-
rounded education

(WR)

2

Support safe and
healthy students

(SH)

3

Support the effective
use of technology to
improve academic
achievement and
digital literacy for all
students

(ET)

Science, Technology, Engineering, and Mathematics (STE(A)M)

In a high-quality STEM/STEAM opportunity, STEM/STEAM skills and content knowledge are integrated and learned through exploration, inquiry, problem solving, and often involve real-world contexts or applications.

Fine Arts and the GA Economy

The creative industries in Georgia represent a combined **\$37 billion in revenue**, including 200,000 employed with \$12.1 billion in earnings, and **\$62.5 billion in total economic impact**. The creative industries represent 5 percent of all employment and 4 percent of all business revenue in the state.

The Creative Industries are surpassing Agriculture as the **CASH CROP** of Georgia.

PROJECTED PERCENTAGE INCREASES IN STEM JOBS: 2010-2020

Increasing access
for groups of
underrepresented
students to high-
quality courses

Projected Percentage in Job Increases (2010-2020)

Supporting participation
in nonprofit
competitions (e.g.
robotics, math
competitions, computer
programming)

Providing students hands-on learning and exposure to STEM, including through field-based and service learning.

Service-Learning

**Integrating other
academic subjects such
as the arts into STEM
curricula**

September 2018

STEM Science, Technology,
Engineering, Mathematics

Supporting the creation and enhancement of STEM-focused specialty
schools

Effective Use of Technology

Supporting professional learning for STEM, including computer science

Provide funding for teachers to participate in-

- virtual
- blended
- face-to-face courses and workshops

Intended to increase their capacity to offer high-quality STEM courses, such as computer science, engineering, game design and/or other STEM-related courses.

Opportunities to learn how to embed STEM elements, such as engineering design principles, computational thinking, and app design, within other learning experiences can also be included.

Collaboration and Coordination
